Mecosta County officials have been working in conjunction with District 10 Health Department to strategize on reducing exposure and spread of the Coronavirus (COVID-19) disease. In an effort to combat the spread of COVID-19 into our communities, Mecosta County will be implementing changes to our service delivery methods. The intent of these changes is to slow the potential spread of the virus, minimize the burden to our healthcare providers and maintain the health and safety of our employees and community members.

Effective at the close of business on Wednesday, March 18th, 2020, all Mecosta County Building's will be closed to the public until Monday, April 6, 2020. All employees will continue to report to work and can provide services through phone or email communications.

Please refer to information below to assist you with requesting services during the building closure:
